

**Metoc currently has a number of exciting projects in the Oil and Gas, Cables, and Renewables sectors. Due to this growing demand for our services, we have opportunities for talented individuals to develop their careers with us in the following areas:**

### **Marine Environmental Consultants**

*(based in Liphook, Hampshire, Dundee and Cardiff)* – Job ref: **0182**

We are looking for a Marine Environmental Consultant who will use their technical expertise to develop innovative solutions for our clients. You will provide leadership to project teams, and you will manage a portfolio of existing and developing projects.

The ideal candidate will have at least five years' working experience in the marine environmental science sector, with experience in delivering marine consents and permits. The candidate will also have confidence in their ability to build strong, long-term client relationships.

In return for your skills and experience, we offer real opportunities to develop your professional competencies, and your career.

We operate a flexible working policy, and we can offer you a competitive salary and benefits package, with non-contributory pension, life assurance scheme, discretionary company bonus, and support for relocation, if needed.

If you are interested in applying, or would like more information, please send your CV with a covering letter outlining your suitability to: [kerryl@metoc.co.uk](mailto:kerryl@metoc.co.uk) or to **Kerry Lamnea, HR Executive**, Exchange House, Liphook, Hants GU30 7DW (Tel: 01428 727800)
