

We currently have a number of exciting projects in the cable and renewable energy sectors, which have led to several opportunities for dynamic and talented individuals. We have an Associate contract post available:

Marine Co-ordinator, Offshore Wind Farms
(onshore, UK based) – Job ref: 0183

We are looking for an experienced mariner to co-ordinate the personnel, vessels and marine operations of an offshore wind farm.

Role requirements:

- Qualified to Chief Officer (unlimited) level or above
- Experience of marine construction and specialist vessels
- A confident manner and excellent client interface skills
- A dynamic and pro-active approach to health and safety
- The ability to represent the company to the highest standards

This is an Associate position and for this shoreside role we offer an excellent rate of pay, a leave rotational system to suit the opportunity to forge a career in an exciting and fast moving sector.
